

cpsy

A diagram illustrating the formation of the cursive ligature 'cpsy'. The letters are rendered in a dark grey, elegant script. The 'c' is highlighted in blue. Four white dots mark the starting points of the strokes, connected by thin white lines to show the sequence and direction of writing. The sequence is: 1. Top of the 'c' (blue dot), 2. Top of the 'p' (white dot), 3. Top of the 's' (white dot), and 4. Bottom of the 'y' (white dot). The lines show the continuous flow from 'c' to 'p', then to 's', and finally to 'y'.
